DECEASED. Ms. Crystal Gayle is one of the first cows we raised and was official madam of this Texas juke joint. She's a daughter of The Shadow and passed on her long, stout, correct conformation to her calves. She was a beautiful pale roan and had magnificent, heavy, sweeping horns that were just over 70" at her passing. Always raised a big correct calf with loads of horn, always black and white or roan. Excellent mother, eat out of your hand
