We bought Dreamstreet, Patsy Cline to her friends, from Doreen Hickman, and just like her breeder, she is a Texas sweetheart. Strong pedigree that goes back to The Shadow, top and bottom, which gives her a long, tall frame and great beef conformation. Patsy is a big boned gal and she's also a spoiled pet, loves getting her head scratched and wont leave you alone until she's gotten enough. Hell, I think she'd sit in your lap if you'd let her.
